Section 1 – Introduction

This directory provides a list of Jefferson Health Plans' network providers.

You will have to choose one of our network providers listed in this directory to be your **P**rimary **C**are **P**rovider (PCP). Generally, you must get your health care services from your PCP.

The network providers listed in this directory have agreed to provide you with your health care, vision and dental services. You may go to any of our network providers listed in this directory. If you have been going to one network provider, you are not required to continue to go to that same provider. You do not need a referral from your PCP to see a specialist.

Emergency care

In an emergency, you should seek the help you need from the closest available provider. Call 911 or visit the nearest emergency room. Then call or have someone call your PCP so he or she can arrange follow-up care for you. A medical emergency is when you believe that your health is in serious danger, and it's important to get care right away. You may have had a bad injury, a sudden illness or an illness that is quickly getting much worse.

Out-of-area and other urgently needed care

Urgently needed care is care you need for a sudden illness or injury that is not an emergency. In most cases, this is care provided when you are temporarily away from the Jefferson Health Plans service area, or when your PCP is temporarily unavailable. These services must be medically necessary and required immediately due to an unforeseen illness, injury or condition. For urgently needed services, please call your PCP first, if possible, before seeking other care. Our network includes a number of urgent care centers and walk-in clinics that can provide services.

If you receive emergency or urgently needed care while out of the service area, we prefer that you return to the Jefferson Health Plans service area to receive follow-up care through your PCP. We will cover medically necessary follow-up care out of the service area, however, as long as the care continues to be urgently needed, or if returning to the service area would jeopardize your health.

Out-of-network providers are under no obligation to treat Jefferson Health Plans enrollees, except in emergencies. For a decision about whether we will cover an out-of-network service, we encourage you or your provider to ask us for a pre-service organization determination before you receive the service. Please call our Member Relations Department at 1-866-901-8000; from October 1 to March 31, we're available 8 a.m. to 8 p.m., 7 days a week. And from April 1 to September 30, we're available 8 a.m. to 8 p.m., Monday to Friday. TTY users should call 1-877-454-8477. You may also refer to your Evidence of Coverage (EOC) for more information, including the cost sharing that applies to out-of-network services.

If you get a bill

If you receive a bill for services from a provider who does not participate with Jefferson Health Plans, please open it right away but do not pay the bill. Make sure that the bill includes your name and Jefferson Health Plans ID number as shown on your Jefferson Health Plans membership card. Make a copy of the bill for your records, if you wish. Mail the original bill to:

Jefferson Health Plans
Attn: Member Claims
1101 Market Street, Suite 3000
Philadelphia, PA 19107

We will process the bill and/or advise you if you have any liability for payment.
