

Jefferson Health Plans 2025 Formulary (List of Covered Drugs)

Individual & Family Plans

Jefferson Health Plans 2025 Formulary (List of Covered Drugs)

For more recent information or other questions, please contact Jefferson Health Plans Member Relations at **1-833-422-4690 (TTY 1-877-454-8477)** or visit **JeffersonHealthPlans.com/Individuals-Families**. From October 1 to March 31, we're available 8 a.m. to 8 p.m., 7 days a week. And from April 1 to September 30, we're available 8 a.m. to 8 p.m., Monday to Friday.

What is the Jefferson Health Plans Individuals & Family Plan Formulary?

A formulary is a list of covered drugs selected by Jefferson Health Plans in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Jefferson Health Plans will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a Jefferson Health Plans network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage. For a complete listing of all prescription drugs covered by Jefferson Health Plans, please visit our website or call us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

Can the Formulary (drug list) change?

Most changes in drug coverage happen on January 1, but Jefferson Health Plans may add or remove drugs on the Drug List during the year, move them to different cost-sharing tiers, or add new restrictions.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, Cardiovascular Agents.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index. The Index provides an alphabetical list of all of the drugs included in this document. Both brand-name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Jefferson Health Plans covers both brand-name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand-name drug. Generally, generic drugs cost less than brand-name drugs.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Jefferson Health Plans requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from Jefferson Health Plans before you fill your prescriptions. If you don't get approval, Jefferson Health Plans may not cover the drug.
- **Quantity Limits:** For certain drugs, Jefferson Health Plans limits the amount of the drug that Jefferson Health Plans will cover. For example, Jefferson Health Plans provides 60 tablets per prescription for atorvastatin 10 mg. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, Jefferson Health Plans requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Jefferson Health Plans may not cover Drug B unless you try Drug A first. If Drug A does not work for you, Jefferson Health Plans will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask Jefferson Health Plans to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the Jefferson Health Plans' formulary?" below for information about how to request an exception.

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Relations at **1-833-422-4690 (TTY 1-877-454-8477)** and ask if your drug is covered.

If you learn that Jefferson Health Plans does not cover your drug, you have two options:

- You can ask Member Relations for a list of similar drugs that are covered by Jefferson Health Plans. When you receive the list, show it to your doctor and ask them to prescribe a similar drug that is covered by Jefferson Health Plans.
- You can ask Jefferson Health Plans to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the Jefferson Health Plans' Individuals & Family Plan Formulary?

You can ask Jefferson Health Plans to make an exception to our coverage rules. Generally, Jefferson Health Plans will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

For more information

For more detailed information about your Jefferson Health Plans prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about Jefferson Health Plans, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

Jefferson Health Plans Individuals & Family Plan Formulary

The formulary provides coverage information about the drugs covered by Jefferson Health Plans. If you have trouble finding your drug in the list, turn to the Index.

The first column of the chart lists the drug name. Brand-name drugs are capitalized (e.g., ENTRESTO) and generic drugs are listed in lower-case italics (e.g., *valsartan*).

The information in the Requirements/Limits column tells you if Jefferson Health Plans has any special requirements for coverage of your drug.
