Here is important information for you.

DON'T RISK LOSING YOUR HEALTH COVERAGE!

The Pennsylvania Department of Human Services (DHS) is now verifying the basic information of all Medicaid members. Members could lose their coverage if they don't provide the information DHS needs to check their income or residence.

Jefferson Health Plans suggests Medicaid members do the following:

1. Make sure your contact information is always correct.

To change your information or check on your renewal, visit dhs.pa.gov/COMPASS. You can also use the MyCOMPASS PA mobile app, call **1-866-550-4355** or visit a local County Assistance Office.

2. Check your mail.

DHS will mail you a letter letting you know when you need to complete your application. The application will help DHS decide if you still qualify for Medicaid.

3. Complete and return your renewal application on time.

This will help you avoid losing Medicaid coverage.
